BinScan Mobile App and Handheld Barcode Scanner

The BinScan mobile app is free to use for BinWise customers. It takes only a couple of minutes to set up and can save you hours of inventory time.

< 500 Bottles | Use the BinScan app with your smartphone camera to scan barcodes.

> 500 Bottles | Pair the BinScan app with a handheld barcode scanner to scan up to 3 items per second.

The Socket Scan S740 handheld barcode scanner has several additional benefits for high use environments:

It has a long-lasting battery, up to 16 hours on a single charge

It is lightweight, ergonomic, and comes with a wrist strap for comfortable use

It can scan up to 4 times faster than an iPhone or iPod Touch camera

It is made from durable, drop resistant, and antimicrobial material
